## HEALTHY COMMUNITY ALLIANCE

*of Delaware & Blackford Counties*

The Healthy Community Alliance of Delaware and Blackford Counties was formed by a cross section of community organizations and individuals concerned about the impact of chronic diseases such as diabetes, heart disease and cancer.

Our goal is simple, but impossible to achieve without your help! *We wish to improve the health of the population in our two-county area and lessen the impact of chronic disease.*

The Healthy Community Alliance is currently seeking partners from local **businesses, organizations** and **groups** who wish to see our community become a healthier place to live, learn, work and play.

**Join us for a special 1-hour informational meeting to learn more about this initiative!**
