

**Healthy Community Alliance of East Central Indiana
Partnership Agreement**

The mission of the Healthy Community Alliance of East Central Indiana (HCA) is to “improve the health and well-being of the communities we serve.” As we work together to align stakeholders’ individual strengths into a collective effort for improved community health, it is imperative that we have support and input from a variety of diverse partners committed to working together in multiple areas.

Partners may include organizations, businesses, or individuals that agree to participate in the activities of the Healthy Community Alliance of East Central Indiana.

I, _____, on behalf of _____, agree to become a partner in the Healthy Community Alliance of East Central Indiana.

As a partner, I agree to actively participate in HCA activities, to promote its mission to improve the health and well-being of the communities we serve, and to share in outcomes/data as it relates to HCA measures and data points published on its website: healthycommunityalliance.org.

Healthy Community Alliance Partner Commitment:

I, or a designee from our organization, agree to participate when possible in HCA meetings and join at least one work team of the Healthy Community Alliance to set direction and assist in the implementation of a plan to reverse the trend of chronic lifestyle related disease in the community.
